

Dear Mme, dear Sir,

My name is Luis Díez and I teach at, which is the public school for teenagers with legal penalties in Madrid. We work with students from 14 years old under a closed regime, in general subjects as Spanish, History or Maths, but we are focused in Vocational Training.

Recently we have applied for an Erasmus+ accreditation (KA 120-VET) and we are now looking for partners in order to share knowledge and ideas in the context of job-shadowing experiences for years 2025 to 2027.

However, we have some troubles to find partners for the specific characteristics of our school, so we would appreciate if you could help us on this matter, providing the contacts of the schools in Latvia which work with this type of students.

Of course, if you are interested in our project, I could give you more information and details.

Thank you so much. I look forward to hearing from you.

Best regards,
