EPALE platformas piedāvātie resursi un iespējas

Sanda Roze,
EPALE Latvijas Nacionālā atbalsta
dienesta vadītāja

2021. gada 16. decembrī.

Šodien:

- ♣ uzzināsim, kas ir EPALE;
- ♣ kā EPALE var tikt izmantota Erasmus+ projektu īstenošanā;
- ♣ sapratīsim vairāk par VET praktiku grupu;
- ♣ noskaidrosim, kā darbojas Erasmus+ telpa;
- ♣ citas EPALE aktualitātes.

Community of European VET practitioners

This Community of Practice (CoP) will strengthen the Vocational Education and Training (VET) community across the EU. It concerns practitioners dealing with developing the skills of young people and adults for the labour market, to help them better anticipate and prepare for future challenges.

This space aims to be an interactive platform for teachers, trainers, in-company tutors to network and exchange good practices and ideas, for finding concrete solutions to their problems with the help of peers, keep up to date with European policies and contribute to European VET initiatives. Let's bring policy closer to practice!

Discussions will cover mostly Online/Distance learning, green skills, social inclusion, entrepreneurship, employability, etc. This space also contains space information and initiatives that might be useful for you. This CoP is the place where you can find all the information you need about VET in Europe, including news, policy developments and online discussions.

If you are an EPALE member and would like to join the Community, you can do so by clicking 'Request membership' on the top-right of the page.

We highly recommend that prospective members include as many details as possible in their application, such as your name, email address, where you are located, your professional title, your areas of VET expertise, and any other professional experience you have. You may also include details about your organisation if applicable). This will allow the Community moderators to easily access relevant information about members and network among you.

If you are not an EPALE member, please click 'register' on the top-right of the page to become a member and request membership to this group after that.

The CoP builds on existing work including the Cedefop European Community of Practice on Quality Assurance in VET and the European Group Platform of European Associations of VET providers in 2015.

Stay in touch with a vibrant Community of VET practitioners.

Event summary note/press release and presentations – 23 November

Irene Biundo

Community of European practitioners in Vocational Education and Training (VET) on EPALE

Virtual networking event: Be part of a vibrant VET Community

The Community of European VET practitioners on EPALE's virtual networking event was organised by the Directorate General for Employment and Social Affairs (DG EMPL). The event took place on 23 November 2021, and its aim was to bring together and connect VET practitioners and stakeholders from across Europe, from different types of organisations and institutions across the European VET landscape.

The event included a reflection from VET experts Andrew McCoshan and Monika Auzinger on the opportunities presented by online cooperation for VET practitioners, and a presentation from Joao Santos (DG EMPL) on the latest news from the Erasmus+ programme. Ahead of the publication of the 2022 Erasmus+ Programme Guide, Mr. Santos' presentation focused on the support to Vocational Education and Training through KA2 cooperation projects (Partnerships for Cooperation, Partnerships for Innovation, Partnerships for Excellence, Capacity building for VET international cooperation), and Jean Monnet Activities

Partnerships for Excellence, Capacity building for VET international cooperation), and Jean Monnet Activities for schools and VET. The objective of the presentation was to provide VET practitioners with practical information on what additional funding opportunities are available and how to access them.

The three breakout sessions brought together smaller groups of practitioners to explore and discuss the following topics:

- Erasmus+ cooperation and mobility projects: experiences and perspectives of online cooperation and virtual mobility during and after COVID;
- The SELFIE tool for Work-Based Learning (WBL) and the European Alliance for Apprenticeships; and
- The 2022 European Vocational Skills Week.

All presentations are also uploaded to the Community space.

Each parallel session was moderated by a VET expert from the Community of European VET practitioners and featured a presentation from European Commission representatives who provided insight on the sessions' topics and a basis for conversation among practitioners. Participants to the three parallel sessions were encouraged to introduce themselves and share information about their work and organisations, as well as contribute to the debates with lessons learned through their practitioner experience and questions to the moderators and Commission representatives. The event and parallel sessions provided a forum for VET practitioners from across Europe to connect with others working in the field, reflect together on important topics with fellow practitioners, receive important information from the European Commission. Ultimately, the event acted to support practitioners in widening their professional network, and the reach and impact of the Community of Practice.

More activities and information will be shared on the Community in the coming weeks, so stay tuned!

Erasmus+ telpa paredzēta Erasmus projektu vajadzībām, it sevišķi Erasmus KA1 un KA2 projektu vadībai.

The screenshot shows the EPALE website interface. At the top, there is a navigation bar with several tabs: 'EPALE', 'Veiciniet', 'Sadarbojieties' (which is highlighted with a red oval), 'Mācieties', 'ES politika', 'Par', and 'Mana EPALE'. Below the navigation bar, there is a main content area containing several sections, each with an icon and a brief description. One section, 'Erasmus+ telpa', is circled with a red oval.

Kā izveidot savu Erasmus+ telpu?

Erasmus+Space request form

Name of group *

e.g. 'Exchanging ideas between Italy and France' or 'E+ Project ideas'

Purpose of group *

e.g. To discuss ideas or set up a project partnership

Target audience *

Who will be included in your group? Practitioners, policy makers, etc.

Administrator/Moderator *

Who will be responsible for adding members and moderating content if necessary?

As group Administrator, I agree to the terms of service. *
